DETAILED ACTION

Response to Arguments

The applicant's amendment received 3-3-05 overcomes the examiner's prior art rejection. **Hence claims 1-3, 6-13 and 16-24 are allowed.**

Allowable Subject Matter

The following is an examiner's statement of reasons for allowance:

1. The previous rejection pointed out that claims 5, 7, 15 and 17 contained Allowable Subject Matter based on their "highly specific designs which are not found in the prior art of record and appear novel in the examiner's opinion". The applicant has chosen to amend each independent claim with the following limitations:

"...determining based on the calling party Directory Number if the call is a business or personal call;

forwarding the call to a first alternative system if the call is a business call; and

forwarding the call to a second alternative system if the call is a personal call..."

2. The examiner believes the independent claims, when taken in their entirety, recite novel material which is patent-worthy.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
